

CHPS Committed to Access

WE are committed to access across the district, with projects completed, projects in progress, and projects planned. Our Capital Reserve Funds provide the foundational funds for one-time expenses to improve educational spaces, make investments in existing infrastructure and ensure compliance with regulatory requirements. Projects will continue through 2023 and beyond!

Summer 2021: \$636,088 invested via Capital Reserve funds to make Woodcrest and High School West fully accessible through improvements to main entrances and drop off areas.

Summer 2022: \$1,326,703 in current work at Beck and Paine to continue improvements to main entrances and drop off areas.

School Year 2022-2023: \$600,000 refreshment of the Malberg Early Childhood Center Playground with accessible equipment and improved features.

Summer 2023 \$1,550,000 in planned investments to improve Stockton and Lewis main entrances and drop off areas.
