

**Minute with Dr. Meloche
Video Transcript 6/12/2020
Cherry Hill Public Schools**

Hello everyone! This is Joe Meloche, superintendent of Cherry Hill Public Schools. Today is Friday, June the 12th day and it is the last day of the academic year. We have some very exciting things to announce and to remind everybody about.

First, on Monday June the 15th, our Middle School virtual graduation ceremonies will be broadcast. Links will be sent directly to families and links will also be on our website. On Tuesday, June the 16th, our high school virtual graduation ceremonies will be broadcast. Please make sure you watch, if you can't catch it the first time it goes on, you'll be able to find it online, it will be out there for everybody to see.

Our summer reading is already listed on the website and we have additional opportunities for learning that have been posted, all worked on by our return to school committee. Lots of fun things and experiences that you can find. Our meal distribution will continue every Monday and Wednesday at High School East and High School West and here at Barton Elementary School. In fact at Barton we are going to have bags of books that will be available. This has been a minute.
