### COVID-19 Prevention Guidelines

Maintaining the health and safety of our school community is of utmost importance, particularly during this unprecedented pandemic situation. Providing a safe environment is a partnership between parents/guardians and the school district. The CHPS has put into place many measures to keep our students and staff safe while they are in school. We ask that our parents and guardians help to prevent the spread of COVID, as well as other illnesses by:

- Following the [COVID-19 checklist guidelines](#)
- Reporting to the nurse if your child or any household member tests positive for COVID, or if they have an actual or suspected COVID exposure
- Keeping your child home when they are sick,
- Promptly picking your child up if they become sick at school,
- Alerting the school nurse about any planned travel to discuss the required post-quarantine guideline, prior to sending your child back to school

If you have any questions or concerns, please reach out to your school nurse for guidance.

### CHPS Launches COVID-19 Dashboard

The Cherry Hill Public Schools has launched a [COVID-19 Dashboard](#) to track by building the number students who have tested positive for COVID-19 (as reported by their parents), and the number of staff who have tested positive or are quarantining. The [Dashboard](#), available at <https://www.chclc.org/covid19dashboard> will be updated every Friday.
